

Apply Early, Get More

with the Priority Enrollment Package from The Data Incubator

Applying early has its perks: You get your application done early, you increase your chances of being accepted and, if accepted, you have access to the Priority Enrollment Package.

What does the Priority Enrollment Package include, you ask?

Priority Enrollment Discount*

SAVE

\$1,000

on your tuition costs just for applying early!

Cash Payment Option Discount*

Pay your tuition in cash and SAVE AN ADDITIONAL

\$1,000

Priority Access to Our 12 Day Program

Get a head start on your training with our 12 Day Program. Start learning topics and tools you'll need to be successful in the Fellowship and test your skills with daily exercises on git, APIs and more. You'll even get a jumpstart on your capstone project.

Priority Access to Python for Data Science Course

Dive into your Python training before anyone else with our on-demand *Python for Data Science* course. This interactive, hands-on coding will help strengthen your Python skills so you can tackle your Fellowship training with ease.

Early Access to Resume Review Services

Ensure your resume puts your experiences and skills in the best light so you can land your dream job before anyone else. We partner with RiseSmart Resume Services, voted the best overall resume writing service of 2020 by The Balance Careers, to give your resume the polish it needs to really stand out.

* Priority Enrollment Discount and Cash Payment Option Discount not available with Income Sharing Agreement or Skill Funds loans. Discounts only available on cash payment options.
